

Keep Britain Tidy Network

#Litter Heroes

This one-day interactive workshop is aimed at your army of volunteers, community and friends of groups who give up their spare time to support local authorities in the task of cleaning up the streets to create a pleasant place to live, work and play. By investing in your volunteers you are showing them that you appreciate all the hard work they do for you and give them the recognition they deserve.

Course Aims

This course will provide your volunteers/community and friends of groups with the skills and knowledge they need to organise, promote and deliver a successful litter pick or clean up event.

Course Objectives

By the end of the course candidates will:

- Identify what motivates people to get involved and how to engage the wider community
- Recognise how to build rapport, communicate effectively and avoid conflict
- Develop awareness of background relating to street cleanliness standards
- Be able to plan, promote and conduct a clean-up event
- Be able to record, collate and evaluate the event

Who Would Benefit from Attending this Course?

This course is suitable for volunteers, community groups and friends of groups who volunteer their time to improve the local area.

Course Duration	1 Day
What have others said ?	<p>“Although not a novice at litter picking the course proved useful in the co-ordinating of a litter pick in the future. The risk assessment tool is essential. I feel more confident that the litter picks that I participate with in the future will be more structured. Networking with other groups present has proved an excellent opportunity”</p> <p>For more information, please contact the Training Team training@keepbritaintidy.org</p>
