## PAYMENT OPTIONS

1. Buy machine outright – Pay for machine in one payment. Machine comes complete with a 12 months warranty. A service plan can also be purchased at an extra cost, but for this machine it isn't something that you would need to take out as they require very low maintenance.
2. Lease machine – Lease machine between 1 and 5 years. Pay a monthly fee so your capital is not paid all in one go like a outright purchase. This monthly fee can also include a service plan. The machine then belongs to you after the last payment.
