

Chewing Gum Task Force Year 4 (2025) Suppliers and Discounts

The following suppliers of chewing gum removal equipment and cleansing services have offered discounts for councils looking to spend their grants on equipment. Please note that by passing on this information and discount offers, the Chewing Gum Task Force is not recommending or endorsing any suppliers or their machines.

We strongly encourage all councils to do their own research before purchasing any equipment and factor delivery time into your project delivery plan to ensure the cleansing is completed by the deadline of Friday 31 October 2025. Once your grant funding has been confirmed and the grant agreement has been signed, we would encourage you (if possible) to order your equipment as soon as possible to accommodate for any long delivery schedules, prior to funds arriving.

****The product details provided in this document are for information purposes only and the images, descriptions, and any other information related to the products are provided as is without any warranties of any kind, either express or implied.***

We make no representations or warranties of any kind, express or implied, about the completeness, accuracy, reliability, suitability or availability of the products displayed for any purpose. Any reliance you place on such information is therefore strictly at your own risk.

In no event will the Chewing Gum Task Force be liable for any loss or damage including without limitation, indirect or consequential loss or damage, or any loss or damage whatsoever arising out of, or in connection with, the product information provided.

Quotation

PAYMENT OPTIONS

1. Buy machine outright – Pay for machine in one payment. Machine comes complete with a 12 months warranty. A service plan can also be purchased at an extra cost, but for this machine it isn't something that you would need to take out as they require very low maintenance.
2. Lease machine – Lease machine between 1 and 5 years. Pay a monthly fee so your capital is not paid all in one go like a outright purchase. This monthly fee can also include a service plan. The machine then belongs to you after the last payment.

Contact: 0207 566 3988 / info@getridofgum.co.uk

Equipment:

Established in August 2000, Go-Gum Limited form part of the The Go-Gum Group and are responsible for all product sales and chewing gum removal services throughout the group. Go-Gum Ltd operate throughout the UK, offering chewing gum removal services which utilise the latest in multi-pressure, water efficient, gum removal technology to a wide variety of surfaces and locations, including large pedestrian areas, pavements, car parks, playgrounds and sports facilities. Dirty, chewing gum riddled pavements can be transformed into clean, smart, welcoming public spaces with incredible efficiency.

Pave-Saver Invisible Paving Impregnator and Anti Chewing Gum Solution

Pave-Saver protects substrates and makes removing chewing gum and pollution effortless! Rain water can remove soiling as the particles are prevented from sticking to the substrate. Pave-Saver offers this high level of protection by effectively reducing the adhesion rate of the pollutant, whilst still enabling the underlying materials to breathe.

The Ultimate in Pavement Surface Protection, Stone Protection and Floor Protection Makes Removing Chewing Gum Easy!

For more information on this service, or any of our products, please call us on 0207 566 3988

GUM BLITZER

CHEWING GUM REMOVAL SPECIALISTS

Chewing gum disposal has been an ongoing issue for organisations in the public and private sectors for many decades.

Public areas covered in gum rank as one of the top litter issues in the UK and is now considered a major eyesore.

Until now, chewing gum removal has been considered impossible by many organisations, however Gum Blitzer has developed an innovative, environmentally friendly and cost effective solution to this problem.

Our highly trained operatives are able to remove gum from a wide range of surfaces including:

- Tarmac (inc. coloured)
- Paving Stones
- Cement
- Brick
- Carpets

all without damaging the surface the gum is stuck to.

Equipment:

STREET CLEANING

STREET WASHING

With industry leading technology and highly trained, experienced operators, Ramora are renowned as one of the UK's leading street cleaning providers.

Our specialist, imported pressure steam generating equipment leaves block paving, paving slabs, concrete and tarmac looking as new. We use lances and other specialist skater equipment to produce fantastic results with minimal disruption day and night.

Our professional operators select the perfect combination of temperature and pressure to not only ensure that the surface is cleaned of all dirt but also removing discarded chewing gum and stains.

With a national reach, Ramora offer this industrial cleaning service to businesses, Councils and Business Districts to enhance the aesthetic appearance of high-traffic public areas.

Contact us for a free quotation to discuss your street cleaning requirements by calling 0844 800 2428 or emailing info@ramora.co.uk.

CONTACT RAMORA ON 0844 800 2428 OR EMAIL info@ramora.co.uk
